Sir:

This communication is further responsive to the Final Office Action dated March 16, 2004, and the Advisory Action dated September 28, 2004, concerning the above-referenced patent application. All of the amendments set forth in the Amendment filed on August 19, 2004, have been included in this Supplemental Amendment; in the case of the claims, this entails submitting them in the form of new claims.

Amendments to the Abstract are presented as a marked up Abstract showing changes, on page 3 of this document.

Amendments to the Specification begin on page 4 of this document.

Amendments to the Claims are reflected in the listing of claims which begins on page 8 of this document.

Amendments to the Drawings begin on page 13 of this document, and include three attached replacement drawing sheets and corresponding annotated sheets showing changes, as well a formal drawing for Figure 7, to replace the amended informal (now approved) drawing submitted with the previous response.

Remarks/Arguments begin on page 14 of this document.

Please amend the application as follows:
